Re: Notice of File Closures for Small Mining Activities, Day Mining Company, DMCI Mine, S/019/043 (UTU-76413) and Black Jack #1-2 Mine S/019/044 (UTU-76412), Grand County, Utah

Dear Mr. Day:

This letter is to notify you that the Division will be closing file S/019/043 for the DMCI Mine and file S/019/044 for the Black Jack #1-2 Mine. Both of these proposed projects were located in Grand County, Utah.

A February 2, 1999 letter from the BLM indicated both of these sites were inspected by BLM staff who found no land surface disturbances at the proposed project areas. The BLM subsequently closed their case files for these projects. Because this project is located on BLM managed lands, we will accept the BLM's recommendation and close our files accordingly. You are hereby released by the Division from any further reclamation responsibility at these two sites. You are not required to pay the \$100.00 permit fee for each of these now closed projects as requested in the billing recently sent by the Division.

Please note that if you wish to conduct any future mining in these areas, you will need to submit a new notice to the appropriate agencies, pay the Division permit fees, and receive written approvals prior to creating any disturbance. If you have any questions regarding these file closures, please contact me within the next 15 days at (801) 538-5267. Thank you for your cooperation.

Sincerely,

Anthony A. Gallegos
Senior Reclamation Specialist
